Congressman Poage Files For Re-Election; Captial's Hardest Working Member of House

Washington, June 20.—Congressman W. R. Poage, representative from the 11th Texas district, composed of Bell, Bosque, Coryell, Falls, McLennan and Milam counties, today announced that he was filing his name as a candidate for re-election. Poage has served nearly three and a half years in congress, having previously represented the Central Texas district in the Texas senate.

During his service here, Poage has come to be recognized as one of the hardest working members of the house. He has been assigned to six important committees—an outstanding record, as there is no Democrat in congress with more committee assignments and only two with an equal number.

In Washington, the young Texan has distinguished himself by his outstanding interest in farm problems. He represents a great agricultural district and he has devoted his untiring efforts in behalf of parity prices for farm products; of improved opportunities for tenants to become farm owners; of lower farm interest rates; of rural electrification; and of soil conservation. In fact, he was the author of the amendment to the relief bill, providing for WPA work on soil conservation projects, thus enabling farmers everywhere to secure federal aid in conserving the soil.

While it is generally recognized that the effectiveness of any member of congress increases in direct proportion to the length of his unbroken or continuous service (when a member drops out of congress, even though he should return at a later date, he goes "to the foot of the class") Mr. Poage is able to point to some outstanding achievements in behalf of his district. One of these is the survey of the Brazos river and its tributaries. Never, until he became a member of congress, had the army engineers been even requested by congressional resolution to make a survey of the Brazos river and its tributaries, the Leon, the Lampasas and the Little. During his first session in congress he was instrumental in securing such a resolution. When completed, this survey will serve as the basis for the erection of flood control structures on these steams.

He has secured for Central Texas one of the two soil conservation run-off experiment stations in the United States. While CCC camps were being abandoned in many places, he has been able to retain more soil conservation camps than any other congressional district in Texas. He recently secured for his most populous county (McLennan) a food stamp program on a county-wide basis.

He was one of the first to recognize that the federal government must assume the full burden of old-age assistance. He waited patiently until it was definitely apparent that the state of Texas was not going to make any material changes in its pension system program, and that the federal government was not going to adopt any of the so-called self-financing pension or recovery plans. He then introduced a bill calling for a direct federal pension of $30 per month to all citizens over 65 years of age, and to all blind and disabled citizens. He recognizes that somebody must pay for any public expenditure and he proposed to meet this expenditure out of the income tax, and at the same time to repeal the present payroll-tax for social security retirement, thus bringing to Texas about $2 for every $1 collected in the state.

Congressman Poage has recognized that we must not only make America a land of opportunity for our citizens, but that we must at the same time be able to protect it for Americans from the subversive and un-American activities of the natives of other lands. He has, therefore, supported and voted for the continuation of the Dies committee for the investigation of un-American activities. He, himself, reported a bill from his own committee for the automatic deportation of aliens guilty of espionage and sabotage. He has more recently introduced and secured favorable committee action on a bill requiring mandatory deportation of any alien convicted of any felony.

Congressman Roage has at all times stood for and voted for adequate and ample national defense—both men and equipment, including ships and airplanes. A year ago he had taken his stand with those who recognized that the safety of America required more modern mechanized defense units. Therefore, his present support of President Roosevelt's defense program is no new position. He has often stated that it is better to spend billions of dollars before it is too late than to spend millions of lives later on. He believes that we can best keep America out of war by providing her with an adequate modern defense. He is an ardent and able advocate of the President's proposed national defense program.

Mr. Poage has been fortunate in his ability and opportunity to cooperate with the leadership of President Roosevelt and his great administration.

When questioned about his own campaign, Mr. Poage said that his duty was in Washington at this time, and that he intended to stay at his post and help President Roosevelt secure the defenses of our country, regardless of any action that might be taken by politicial enemies at home.

Coalition Cabinet Is Formed by Roosevelt

President Roosevelt today announced the appointment of Henry L. Stimpson of New York as Secretary of War to succeed Secretary Woodring.

Harry K. Knox, of Chicago, publisher, was named Secretary of the Navy to succeed Secretary Edison.

Both new cabinet members are Republicans and both accepted immediately. They have been consistent supporters of the foreign policy

JOHN A. DUSEK ENLISTS

The Herald has received advices from Major General H. J. Brees at Fort Sam Houston that John A. Dusek of Cameron has been accepted for service in the 8th Engineers at Fort McIntosh. Dusek will receive special training and then will be assigned for special duty. He enlisted in Temple.

Two New Buildings Authorized at the St. Monica Parrish

Two new buildings have been authorized for St. Monica's church in Cameron.

They are homes for the Priest and Sisters, to be constructed of brick veneer with all modern conveniencies.

The wooden structure known as St. Anthony's school, a landmark in Cameron, is to be razed to make room for the expansion program of the school and church.

At present the Priest and Sisters homes are wooden buildings.

St. Monica's church is one of the more impressive edifices in Central Texas. The new expansion program will add much to the equipment of the local parish.

ROME SAYS FRENCH NAVY ORDERED TO PORT

The world waited today for some word from France.

Early Thursday Marshal Petain who became Premier after Paul Reynaud's cabinet had fallen, broadcast a message to the French people giving reasons why France had to surrender.

It was said in authoritative quarters that the order to cease firing would probably be given Saturday.

There was speculation on whether France would surrender the navy and whether the government would move to Algeris as has been suggested, there to continue the war against Nazis Germany.

Pessimistic reports said that France would have no option save abject surrender.

A report from Rome said that the French Fleet, second largest in Europe had been ordered to the nearest French port presumably to surrender to Germany.

Representatives of Adolph Hitler met the French at some place in France, it was said and there were no Italians present.

What the terms are no one was able to say.

The terms will not be made public until they have been either accepted or rejected.

The Berlin view is that it makes no difference. If France rejects it is only a matter of days until her armies will be vanquished.

It is just a formality, said the German spokesman.

Fighting continued. Germans are now in control of almost half the French nation. The historic port of Brest where many Americans landed in 1917, was reported in German hands.

The Germans are within 200 miles of the Mediterranean sea.

Violent air battles were reported over Britain. German cities far inside the Reich have been subjected to bombings by the British. German civilian populations are being killed. Many civilians in France and London have been slain by German bombers since the war began.

In Washington there was every indication the nation is pushing relentlessly the defense program and approaching the stage of entry into the war.

If France rejects the peace proposals of Germany it was believed the United States might speed up operations.

An unconfirmed report said that Germany and Italy proclaimed themselves ready for America and indicated the warning to keep out of the west may have been taken lightly by the Dictators.

Marak Community to Be Hosts to Candidates With Plate Supper Thursday Night June 27

Preparations are well advanced in the Marak Chuch community for the coming plate supper to be held on Thursday night June 27th.

This supper will be augmented by a speaking date for candidates arranged under the schedule of the Democratic Executive Committee.

The people of this section are reminded that this is the first time candidates have spoken at Marak under the Democratic Executive Committee since the committee adopted the policy of sponsoring these appearances.

Because this is the first such program The Herald urges all the people to attend. The Marak Community is noted for its hospitality and much in the way of good entertainment can be expected on Thursday night, June 27th.

VIRGIL M. CLOYD TO FINISH FLIGHT TRAINING

Virgil M. Cloyd of Cameron is among a class of 215 student pilots scheduled to complete basic flight training this week at Randolph field.

He will be transferred to an advanced flying school at Kelly field for another 10 week period of flying instruction before joining either a bombardment, pursuit, or observation squadron of the air corps.

MRS. ALBINA SLAMA DIES HERE SATURDAY

Mrs. Albina Slama, 85, died at 6 a. m. Saturday in Cameron at the home of a daughter, Mrs. Henry Dakel.

Although Mrs. Slama's health had been failing for the past two years, her death came as a shock to her family and her many friends.

On February 12, 1855, Mrs. Slama was born in Austin county. She married Lawrence Slama, a native of Moravia, in 1875, who passed away two years ago.

Funeral services will be held at 2 p. m. Sunday at the Marek-Burns Funeral Home with Rev. O. C. Acrey of the First Presbyterian Church conducting the service. Interment will be made in Oak Hill cemetery, Marek-Burns Funeral Home directing arrangements.

Her survivors are as follows: Lawrence Slama and Mrs. Henry Dakel of Cameron; Steve Slama of Bryan; and Mrs. Vince Palvos and Mrs. Jim Bird of Caldwell.

Her grandsons will serve as pall bearers.

DICTATORS TO LAY PENALTIES ON WORLD

British reaction to the capitulation of France was made known in London today when the government announced its intention to fight until the vast resources of the British empire are exhausted or until victory comes.

The British government also called three new classes of men for military service and took steps to moblize every man, woman and child on the British Isles.

French armies have surrendered to Germany. Hostilities have ceased with the exception of fighting by units who refused to surrender when oredrs came from the French capital at Bordeaux.

Air raids continued Monday morning over Italy and are said to have taken a heavy toll in damage. They were British bombing planes.

Adolf Hitler and Benito Mussolini will meet to discuss peace terms with France. It is believed they will convene in Paris.

It was said that terms of the armistice would be known within the next 48 hours.

It was expected that France would have no option, save to surrender her armies and her fleet. There was considerable speculation over what might happen to the French fleet, second largest in Europe.

In Washington this morning it was said that no official statement would be made regarding developments in Europe.

It was significant to note that the American government has moved to increase the naval tonnage to 22 per cent which would give the United States the largest navy in the world.

Until peace terms are known there will be little or no developments in Europe unless Germany begins an attack upon the British Isles, which she has threatened to do repeatedly since the war began.

MRS. FRANCES GUFFEY DIES IN HOUSTON

Mrs. Frances Guffey, 82, former resident of Cameron died at her home in Houston Tuesday, June 18th at 3:30 p. m.

Mrs. Guffey was a native of Mississippi, the mother of Miss Jessie Guffey, director of Christian Education and Secretary of St. Mark's Methodist Church in Houston.

She was the widow of the late J. W. Guffey. The Guffeys made their home here for twenty years, Mr. Guffey being the agent for the Aransas Pass Railroad.

The body of Mrs. Guffey was taken to Arkansas for interment.

C. N. Heath of Milano was a business visitor in Cameron Tuesday.

ROAD TO MAYSFIELD HAS BEEN AUTHORIZED

Representative Reese Turner has been advised by the State Highway Commission that construction work on the new highway from its intersection of No. 77 to Maysfield will soon be under way.

This information is contained in telegrams which Mr. Turner has received following an appeal by him. Mr. Turner has been vitally interested in the construction of the road which runs from Watts Switch through Silver City, Belmena, Port Sullivan to Hearne.

When he went to the legislature, he began work on this project and he has been instrumental in persuading the Highway Department of its value to Milam County. It was a matter of great satisfaction to him to have word that contract will now be let and work begin.

The people of that section of the county will be glad to know that Representative Turner has finally been advised on the important development. This is to be known as highway 190.

The state highway department will approve this project on June 25 and immediately thereafter, according to the telegram received by Mr. Turner, work will begin.

In authorizing this new road Mr. Turner realizes success for his efforts and deeply appreciates the cooperation of all who have had a part in securing this vital roadway for the people of Milam County.

Sons of Herman Not Involved in Suit; Error Corrected

Because of an error as to proceedings in the court and lack of understanding of the issues involved in the case it was reported Tuesday that the Sons of Herman had lost a suit here.

The Sons of Herman had no connection with the suit except to ask the court to establish the identity of the beneficiary in the case. The Sons of Herman have been ready for some time to pay the claim but due to the fact that litigation was instituted by the daughters of the late Charlie Lederer payment could not be made until the court had adjusted the matter.

Beneficiary under the policy was changed from the daughters of the late Charlie Ledered to Mrs. E. Horstmann.

The court held that Mrs. Horstmann was entitled to the insurance and will be paid by the Sons of Herman.

The publishers make this correction gladly and repeat that the Sons of Herman did not lose the suit because

CHURCH LEAGUE PLAYS TONITE

Softball games for Tuesday night announced to be played between the civic organizations of the city were postponed until a later date due to inclement weather.

Wednesday night's games proved an interesting sight for the spectators, the first game played by the Humble Oilers and Horned Frogs. The Oilers won 7 to 6. During the entire game the Horned Frogs followed with a close score.

In the second game Little's Ice Company won from the Wholesalers, 14 to 3.

Tonight the church league will plap two games.

ANOTHER BURGLARY

The home of J. L. Barmore was burglarized Saturday night.

A valuable watch was taken from Mr. Barmore's room.

Early Monday City Marshal Gene Smith ordered post cards sent to peace officers over a large area and a reward is being offered for recovery of the watch.

This burglary is one of a series of robberies in Cameron during the past two weeks.

Albert Loran visited in the home of John Richter over the week end.

Louis Butts of Maysfield transacted business in Cameron Monday.

CANDIDATE SPEAKING TO FEATURE CELEBRATION

National Hall announces this week completion of plans for the celebration to be held here on Wednesday June 26th.

Frank Mikulec, chairman of the program committee, has just issued publicity for the big day which is expected to see the largest crowd in the history of the hall.

The program will get under way around 11:30 when Divi's Band of Temple opens a musical concert at that hour. The band will play throughout the day and by special arrangements of its facitlities will bring the music for the dance at night to conclude the day of celebration.

At noon a plate dinner will be served. It is to feature country sausage and fried chicken as a choice of meats and to include salads and other things to your liking. The plate dinner will be sold for only 25c. It is a famous plate made known here to thousands through celebrations held at the hall.

At 2:30 in the afternoon candidates speaking will begin. At the present time it is not known definitely who are included in the speaking arrangement but the following have accepted: Congressman W. R. Poage, Hon. Kyle Vick, candidate for state senator; O. H. Cross, candidate for congress; Pierce Brooks of Dallas, candidate for the Railroad Commission.

Local candidates will not speak at this time. J. B. White, publisher, will be master of ceremonies by invitation of the Committee.

These celebrations are widely patronized. Cold drinks of all kinds will be sold on the grounds at National Hall and everyone is insured a day of enjoyment.

SPEAKING SCHEDULE ANNOUNCED MONDAY

Speaking dates for candidates were announced Monday by John B. Henderson, chairman of the Democratic Executive Committee.

Fifteen communities were included in the schedule which is the smallest number of speaking dates yet arranged by the Committee since campaigning was given official auspices in 1932.

The first speaking date at Maysfield is on June 21. The community of Marak is included this year for the first time. Here is the schedule announced by Mr. Henderson.

OBSERVES SIXTH BIRTHDAY

Mrs. L. L. Walton honored her daughter, Barbara LaJuan, with a party on her sixth birthday, Friday afternoon. Games were played and lemonade, ice cream and cake were served.

The following were present: Patsy and Jeana Clifton, Kate McLane, Marie Witt, LaNelle Kuehl, Wanda Cookston, Patsy and Bonnie Gill, Joyce Allison, Nancy Daniels, Gloria Dell Gregory, Charlotte Collins, Jean Hughes and Shirley Jo Loveland.

LARGE NUMBER ATTEND RECREATION PROGRAM

The first week of the summer recreation program indicated the great need of such an undertaking. The attendance of gramar school and high school students who played in the City Park daily shows an increase of attendance from 40 on Monday to 106 on Friday and next week larger crowd is anticipated.

Activities thus far consisted of volleyball, softball, horse shoe pitching, washers, tennis and dodgeball. Next week two new gamse will be added, croquet and ping pong.

In the near future a city wide tennis tournament will be held and at the present time the league department will furnish ball to those who wish to get in some practice.

Grady Baskin Holds State Office A Day

Texas had another governor in the person of Bob Keig, Beaumont youth and lieutenant governor in the person of Grady Baskin of Cameron who were inaugurated Thursday night as part of the American Legion Star Boys convention.

The state within a state project is designed to give youth an idea of the legislative, judicial and executive proceedings of government.

The boys have convened their own legislature with Weldon Rounsaville of Alice as speaker.

Grady is a son of Mr. and Mrs. Roy Baskin of Cameron and will be a senior in Yoe High School this year.

Joe Kupriva, Miss Helen Macal and Louie Vanza of Cameron made and enjoyed an interesting trip to Temple where they visited at the Kyle Hotel and KTEM radio station.

The Fergusons and National Defense

Very few people are discussing politics. Every one is talking war. This is as it should be for the first qualification of good citizenship is patriotic love for the Nation and the red-blooded desire to defend it. Governors may come and governors may go but the first instinct of every true American will always be to preserve National safety at any cost.

However, we must soon face the duty of electing a governor and a legislature to serve during the two stormy years just ahead. When a hurricane strikes, only an experienced pilot can guide a vessel safely to shore. In the dark days before us, only seasoned leaders should be placed at the helm. This is a vital and necessary part of National defense.

Serving as a war governor is not a new experience for the Fergusons; it will only be a repetition of similar service rendered during the first world war, if we are forced into another contest.

With the help of President Roosevelt they ministered to the needs and suffering of the unemployed in time of peace; by his side they will meet the problems and the dangers that arise in time of war.

The Fergusons have been weighed in the balance and not found wanting. They have stood the test; they have kept the faith.

CHRISTIAN SCIENCE SERVICES

"Is the Unverse, including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 23.

The Golden Text is "Lo, he that formeth the mountains, and createth the wind and declareth unto man what is his thought, that maketh morning darkness, and treadeth upon the high places of the earth, The Lord, The God of hosts, is his name" (Amos 4:13.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For as the new heavens and the new earth, which I will make, shall remain before me, saith the Lord, so shall your seed and your name remain" (Isaiah 66:22.)

The Lesson-Sermon includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All things are created spiritually. Mind, not matter, is the creator. Love, the divine Principle, is the Father and Mother of the universe, including man." (page 256.)

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be *functional dysmenorrhea* due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

FRANCE ASKS ARMISTICE

France has asked for peace with Nazi Germany.

Surrender of the French armies was forecast as a further development of the German victory within the next few hours.

Marshal Petain who Sunday became premier of France after Paul Reynaud had resigned, in a message to the French people said he had asked for immediate cecessation of hostilities with Germany and was seeking an honorable peace because France is no longer able to continue the fight.

Former Premier Reynaud who Sunday resigned because of the failure of England to give France the necessary aid against the superior German army, and because President Roosevelt had failed to reassure France of aid from the United States on a basis substantially to enable the French to carry on the struggle in France, was said to have quit along with his cabinet because the French military refused to continue the battle.

Reynaud resigned because he could not obtain French, British and American co-operation to continue the war.

In Bordeaux where Marshal Petain was made Premier Sunday the aged hero of Verdun in the world war, spoke with great emotion as he said "with heavy heart I must tell you that France is giving up the struggle. We are unable to continue." He expressed feelings of deep sympathy for the army, the courage of the soldiers, and "the men and women of the roads who have been driven from their homes."

General Franco, Spanish Dictator and friend of Adoplh Hitler and Mussolini of Italy, was asked by Petain to transmit the plea of France to the Germans.

French and German soldiers were engaged in fierce battle hours after Petain had transmited his message to Franco.

The aged Marshal said he had asked soldier to soldier talk with the Germans, hopeful of obtaining an honorable peace with the conquorers.

France, broken and bleeding, lay at the feet of Adolph Hitler, whose bloody conquests have engulfed Europe and threatened the entire world.

The destiny of France was uncertain.

At 9 a. m. there was no word from the Germans outlining, if any, what terms would be given the French in their hour of surrender.

What the fate of the British would be was a matter of grave speculation. In London the surrender of France was received without surprise, it was said.

There was an unconfirmed report that the French Navy and air fleet had cast their lot with Britain and refused to follow the army in capitulation to Germany.

In London the British government announced renewed efforts to continue the battle. Britain will fight to the bitter end, said the spokesman.

Immediate attack on the British Isles was beleieved certain as Nazi Germany, flused with victory over France, meant to bring a quick end to the war by beating England.

It was believed certain that Germany would demand a surrender without condition.

France surrendered after her Maginot line had been surrounded and cut off; Paris occupied and the German columns pushed far into the heart of France in the direction of Boredeaux and had swept in victory to the Swiss border.

Gradually behind the scenes happenings were emerging to the surface through censorship and suppression of the grave developments over a period of weeks.

From Bordeaux came the news today that General Weygand who was made Minister of Defense in the Petain cabinet, had told the French cabinet that France could not win and the military situation was hopeless. This, it was revealed had been advanced by Weygand as he took command weeks ago. The errors of Gamelin and his staff robbed France of any opportunity of adaquate defense.

Thus the soldier to whom the late Marshal Poch refered as capable of saving France in any emergency, was beaten by the errors of political generals placed in command of the French army, thought to be the strongset force in the world, but in reality impotent.

The crimes of Nevile Chamberlain who surrendered every moral and strategic advantage to the German; the sorry patriotism of the then French Premier, Deladier, have now come into the open. The consequences of appeasment are more devastating than any who opposed the pacifists, could conveive.

Democracy is on the run. It has been chased from the continent of Europe.

French and British possessions in the western hemisphere will come under the control of Germany.

Nowhere in Europe or elsewhere was there any trustworthy opinion favorable to the Allied cause. England will be conquored and the British Empire will be broken to bits and with its death will go the ruin of the American's, was the opinion expressed in some quarters.

GERMANS TO TAKE ICELAND?

Germany's first invasion of the Western hemisphere was said to be in the making late Sunday when operations in the Norwegian area indicated troop movemens as well as preparations for an air attack on the island. British troops recently occupied Iceland. The Germans will use this base for operations against England.

BRITAIN AT MERCY OF NAZIS

While the British government maintained it would continue the struggle, there was no well informed opinion that gave the Isles any chance to survive an attack by Germany. Adolph Hitler was believed already to be preparing for an immediate move against the British.

RUSSIA MOVES INTO BALTIC

Red Russia Sunday took over Lativia and Estonia in the manner in which Saturday the Soviet obtained control of Lithuania. What the significance of the Russian threat meant was not revealed clearly Conquest of Britain by Germany may be foreshadowed by the Russian move. There was no likilhood that any immediate friction would develop between Hitler and Stalin.

NO AMERICAN PLANES TO FRANCE POSSIBLE

With Nazi Germany in complete control of France there was no further possibility the United States would send planes and munitions to the continent. The British forces in France are believed to be small and either face capture or annihilation. Britain will have been driven from the continent four times.

Virgil Lake spent the week end in Temple with friends.

BRYANT STATION

Are you a leader or a bass? This was the pretinent question, Mrs. Edward Senkel asked fellow club members and other guests at the June 6 meeting of the Bryant Station Home Demonstration Club.

The boss drives his men; the leader coaches them.

The boss says "I" the leader says "We."

The boss fixes the blame for a breakdown; the leader fixes the breakdown.

These are a few of the many distinctive traits by which you can determine the category of the person in question.

Another interesting feature of the afternoon program was a demonstration on "Requirements of a top-rate First-Aid Kit by Mrs. Chambers. In her talk Mrs. Chambers gave hints on "What Not To Do" as well as "What To Do In Case of Accidents, Shocks, etc."

Three new members were registered.

Vicitors were: Mrs. F. Senkel and daughters, Srna and Pearl; Miss Eloise and Marie Lively and Clara Glaser.

Mrs. B. B. McAnulty, the hostess, served a refreshment plate consisting of cheese tidbits, ritz crackers, cookies and fruit punch.

Mrs. C. W. Hudson is attending summer school at San Marcos.

Misses Eloise Lively and Nelda Sue McAnulty returned home from Austin Wednesday evening of June 5. Miss McAnulty will remain home for the summer, but Miss Lively will return to Austin Sunday where she has employment.

Mrs. T. D. Byrus of Rosenberg has been visiting relatives here.

Mr. and Mrs. B. F. Talley, Sr., and daughter and Mrs. D. T. Byrus were Wednesday dinner guests of Mr and Mrs. B. F. Talley, Jr.

HOYTE

The Hoyte H-D Club met in the home of Mrs. W. D. Favors, Tuesday, May 21st, at 2 p. m. for a regular meeting.

The parlimentary drill was practiced with Mrs. Guy Chandler in charge. Mrs. Bertha Heitmann was elected as a delegate to go to Council to be voted on to go to the State Association of Clubs at A & M College.

Very interesting talks on citizenship were given. "The woman and Her Club" by Mrs. Randolph Williamson; "The Civics Clubs" by Mrs. Guy Chandler and "The Boss and the Leader" by Mrs. Erl Angell. Plans were made for a community party on June 7th. Those present were: Mrs. Randolph Williamson, Mrs. Guy Chandler, Mrs. Bill Storey, Mrs. Grady Gill, Mrs. Leo and Mary Heitmann, Mrs. Narvie Capterton, Mrs. Harvey Radtke and the hostess.

A delicious refreshment plate was served. The next meeting will be with Mrs. Grady Gill in June.

James Stewart, former Yoeman and graduate of Yoe High School, and now a student at Tyler Commercial College, and John W. Stewart and family of Longview, have just returned from a sixteen day trip to the west coast. While there they visited Catalina Island and many points of interest in and around Los Angeles. On the return trip they came by Boulder Dam, Grand Canyon and the Petrified Forest. After returning they immediately left for Florida and are now spending a few days there.

Two Boys Jailed For Window Peeping While One Escaped

Three boys aged about 16 years were chased away from two Cameron homes Friday night where they were said to be window peeping.

Two of the boys were captured by the men who chased them down the street. The third boy escaped.

The captured two were placed in jail by Night Marshal Joe Richter.

No charges have been filed and the boys have been released. No names are printed because charges were not filed.

Disturbances of this nature have occured over a period of several nights and the men at whose homes the boys were discovered had laid the trap for their capture.

There are still a number of unsolved burglaries in the city.

Miss Henriem Hefley, daughter of Mr. and Mrs. H. M. Hefley and a teacher in Southwestern University, Georgetown, is visiting her college mate, Miss Margaret Jackson in Crystal City.

FRANCE DENIES THAT SHE WILL SURRENDER

France was represented Saturday in both Allied capitals as determined to continue the war against Germany and vigorous denial was made that peace would be signed with Germany Sunday.

In other quarters such a peace was not placed beyond the realm of possibility because of the apparent plight and hopeless struggle of the French armies.

In a lightening like move early today Soviet Russia sent a hugh army into Lithunenia and occupied the country, dislodginug the government. The march into this tiny Baltic state followed shortly an ultimatum sent by the Reds.

The Russian move was widely speculated. A hint was dropped the Soviet might yet decide to counteract Hitler's spread of world dominion.

Lithuenia borders the province of East Prussia a part of Germany.

Germany renewed attacks all along the line and announced the capture of Verdun one of France's strongest fortified positions. The Germans said that a frontal attack on the Maginot line had been made and that numerous fronts have been captured.

General Weygand was hailed throughout the world today as having achieved a masterful retreat and it was reported by the French high command that the armies of France, although in retreat are still intact and fighting desperately.

In London it was said the struggle is only beginning, that there is absolutely no foundation to reports circulated in America that a separate peace will be concluded with Germany.

England expects an immediate attack on the British Isles.

The French cabinet met early Saturday with President Lebrun. Just before the meeting Premier Paul Reynaud confered with General Maxime Weygand. It was authoritatively said that an announcement of great strategic importance will be made within 24 hours.

Italy was said to have gained a foothold in the French Alps. An unconfirmed report said that Italians had occupied Nice on the border.

The Swastika of Nazi Germany was waving over the Eiffel tower in Paris.

The Germans announced the capture of Versailles where in 1918 the Germans came to sign the treaty of Versailles which Hitler has succeeded in nullifying by a long chain of conquests and political disruptions.

There was no indication that the Maginot line had capitulated but Germans are pushing relentlessly eastward from Sedan area and have captured Verdun and with powerful thrusts are cutting in deep behind the line.

France was represented as almost without ammunition and equipment and the plight of the country was said to be grave.

Germans generally predicted that the war with France would end shortly.

In Washington the French and British Ambassadors were in conference with President Roosevelt but nothing had been announced touching the conversation.

GIRL SCOUT NEWS

Gloria Anita Cole Marion Brewer, Blanche Dunlap and Jean Marvin Mills completed activities for the Second Class Girl Scout Rank at the regular meeting, June 12, at 3:30 o'clock, held at the home of Blanche Dunlap.

Gloria Anita discussed Borean Holidays and How They are Celebrated and displayed a collection of pictures of musical instruments used in a syphony orchestra. Marion Brewer reviewed the play "Spaking" written by Professor E. P. Conkle of the University of Texas.

Blanche taught the troop to sing and play "Skip to My Lou" and Jean Marvin taught them "Round the Mountain Two to Two."

The troop planned a menu for them to cook for their outdoor supper at the next meeting which will be held at the Wilson-Ledbetter Park, June 19, from 3:30 to 7:00 o'colk.

Frances Brown was accepted as a visiting member for the summer.

Other scouts present for the meeting were Gloria Anita Cole, Blanche Dunlap, Jane Stedman, Charlotte Childress, Jean Marvin Mills, Audrey Bailey, Almarie Brady, Marion Brewer, Wanda Louise Cookston and Reba Young. Patsy Ann Clifton visited the meeting.

Reported by Mrs. W. T. Whatley, Jr. leader. Mrs. J. N. Britt, Assistant Leader.

Tim Gleason of Burlington was a business visitor in Cameron Friday.

ABOUT BEER AND ALE

AN OPEN FORUM OF QUESTIONS AND ANSWERS

QUESTION: WHY IS BEER CALLED THE BEVERAGE OF MODERATION?

ANSWER: Because beer's alcoholic content is low. Temperate, moderate nations of the world...and their people...prefer beer.

QUESTION: DO BEER AND ALE REALLY AID THE FARMERS?

ANSWER: Since re-legalization the brewing industry has bought 25,000,000,000 pounds of farm products. That has helped farmers ... particularly during the depression years.

QUESTION: JUST WHAT ARE BEER AND ALE MADE OF?

ANSWER: Beer is made by a *natural* fermentation process ... from malted barley and other grains, hops, yeast, water. Nature makes beer. The brewer makes it *good* beer (and ale).

QUESTION: HOW MUCH DO BEER TAXES CONTRIBUTE TO THE COST OF GOVERNMENT?

ANSWER: Beer contributes $1,000,000 a day...$400,000,000 a year...to help pay the costs of government...local, state and federal. *Everybody* benefits from this contribution.

QUESTION: DO BEER AND ALE MAKE JOBS FOR WORKERS?

ANSWER: Beer and ale have already made a million jobs. This employment is wide-spread ... all over the country. More than 100 *other* industries benefit from beer and ale.

QUESTION: HOW IS THE BREWING INDUSTRY COOPERATING WITH LAW ENFORCEMENT OFFICERS?

ANSWER: The Brewing Industry is *actively* on the side of law and order. A "self-regulation" plan to eliminate retail abuses has already been put into effect in a number of states in cooperation with law enforcement authorities. This plan is being extended. We would like to tell you about it. Write for an interesting *free* booklet. Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N.Y.

BEER...a beverage of moderation

UNITED BREWERS INDUSTRIAL FOUNDATION

DICTATORS IN MUNICH TO DIVIDE UP WORLD

France is the convited felon and Germany is the Warden of the prison. Never again will France be anything but a beggar nation in Europe.

So said the newspaper of Adolph Hitler on the eve of the meeting in Munich of Mussolini and Hitler to decide the fate of France.

In 1918 the German delegates came to Versailles and signed a treaty which was bitter to the Germans. The Germans had invaded and all but destroyed France. They had been thrown back and Allied soldiers including Americans were on German soil.

Now the invader is in Versailles. He has not been driven out but on the contrary has apparently placed France beyond all hope of retrieve.

German sympathizers and Nazis in the United States will find great satisfaction in this situation.

France may not accept the terms of peace.

Mussolini and Hitler met in Munich at 4 p. m. European time which was approximately 4 a. m. central standard time and immediately went into conference to work out terms of the peace offer.

Fighting was still in progress on practically all fronts in France.

There was belief France might fight on. The people may revolt against the politicians who now appear along with aged leaders to be in control of the government.

Substantially the terms of peace will be: unconditional surrender of France, navy and army. Possession by Germany and Italy of all French colonial empire with Indo China going to Japan. Spain will get Gibraltra and Italy will get Suez canal and all north Africa possessions of France. German troops to occupy France for the duration of the war. France to exist onlf as a beggar nation and never again permited to become a world power.

If France does not accept this offer of peace she faces utter destruction as the Nazis who have not halted military operations nor have they agreed to an armistice.

The French navy may not surrender.

The British government would have to be disposed of to settle the Suez Canal question.

Hitler has fixed four weeks as the time limit to destroy the British Isles.

Disposition of French and English possession on the Western Hemisphere may give America some concern.

Washington is sleeping peacefully with normal respiration it was reported at noon Tuesday.

There was some talk of the Monroe Doctrine but Henry Ford has been given no contract for planes as yet.

NAZIS FIFTH COLUMN ATTACKED IN URUGUAY

An attempt by Nazis fifth column forces to overthrow the government in Uruguay caused grave concern in the United States Tuesday.

American warships sent to South American waters two weeks ago were said Tuesday at noon to have been ordered to the port of Montevedio here the German battleship Graph Spee was scuttled by her crew.

According to information reaching the Daily Herald shortly afternoon the fifth columnist had seized arms and ammunition from the government and fear was expressed an attempt might be made to overrun the government.

German and Italian penetration of South America has given the United States a problem to solve if the influences of Nazism and Fascism are to be kept out of the Western Hemisphere.

Jasper Smith Dies Monday at Gause

Jasper Smith, pioneer citizen of Milam County and a resident of Gause, died at his home Monday. Mr Smith had been ill for a long period of time.

Funeral services were held Tuesday at 2 p. m. at the Gause Baptist Church with interment in the Gause cemetery.

Mrs. W. I. Clark who has been visiting Mr. and Mrs. J. C. Burke for the past week has returned to her home in Houston.

John Lane Baskin, student at State University, was a week end guest of his parents, Mr. and Mrs. Roy Baskin.

Judge Leo Harris of Rockdale was a business visitor in Cameron Wednesday.

John Henderson made a business trip to Austin Wednesday.

Bert Elliott of Thorndale transacted business in Cameron Monday.

O. D. Bullock of Milano was among the business visitors in Cameron Monday.

Fred Joseph of Austin transacted business in Cameron Tuesday and Wednesday.

Bob Doss, Gay Hill was a business visitor in Cameron Monday.

Mr. and Mrs. Kirk Denson and family of Starksville, Miss., spent a few days here with their kinsman, Dr. and Mrs. John L. Denson, and also visited relatives in Bryan before returning home.

Mr. and Mrs. George Tiffney Moore, Jr., of Houston, visited their respective parents here Sunday. Mr. and Mrs. Moore were recently married here, and this was their first return visit after getting married.

Need Laxative? Take All-Vegetable One

Don't let impatience lead you into harsh measures for the relief of constipation!

There's no use, for a little spicy, *all-vegetable* BLACK-DRAUGHT, taken by simple directions, will gently persuade your bowels.

Taken at bedtime, it generally allows time for a good night's rest. Morning usually brings punctual, satisfying relief from constipation and its symptoms such as headaches, biliousness, sour stomach, no appetite or energy.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative" which helps tone intestinal muscles. 25 to 40 doses, only 25c.

Russia Fears Nazis So Says Moscow

Soviet Russia Wednesday announced through its foreign office that Red troops were moved into Latvia, Estonia and Lithuania because of fear of further expansion of Germany.

This announcement caused widespread comment. Russia was thought to be working with Germany. Nobody placed any confidence in the Red statement of position.

The speech by Winston Churchill was broadcast to the Russian people, the first utterance of a British statesman to have been relayed over the Russian radio system in many months.

Nazis From Germany Attempt Overthrow Of Uruguay State

Nazis in Uruguay were represented in a report from Washington to have sought the overthrow of Uruguay government.

It was said the Fifth Column composed wholly of Nazis had amassed motorcycles and are in possession of air lines and have parachute troops.

The government of Uruguay called upon the country to co-operate to stamp out the column. United States warships are now in these waters.

NEW CONQUESTS ARE MAPPED BY DICTATORS

The price of peace exacted of France by Germany and Italy calls for total dissolution of the French Empire, the surrender of all future aspirations of power and influence as a nation, and the giving up of all gold and credits in other countries.

These were said in Rome Wednesday to be only a basis for the ramifications of far reaching penalties on the French.

All gold of the French Empire, all credits in foreign countries are stipulated, it was said. The French must also surrender all the gold and credits of Poland, Czecho-Slovakia, Holland and Belgium.

The French Empire will be divided between Italy and Germany. The division of course includes French possessions in the Western world.

At the time of making conditions of peace for France the Dictators, Hitler and Mussolini, planned vast military operations for further conquests, the immediate abjective being the destruction of the British Isles and dismemberment of the British Empire.

Hitler declared four weeks at the outsides will be sufficient to blast outside will be sufficient to blast the British to oblivion.

When the terms of the peace for France were announced unofficially the United States government through its Secretary for State, sent a warning to Germany and Italy that America would not stand by and see these possessions fall into the hands of the Dictators. The United States is prepared to enforce the Monroe doctrine with force, said the statement. Copies of the protest were mailed to all beligerent countries.

France was called upon to surrender her army, fleet and air force unconditionally.

Observers believed France would have no option. If she fights on destruction is certain. If she surrenders deestruction is even more certain, but there was belief the French would try to save their people from death.

France under the terms is to return to industrial production at once and all the French resources are to be utilized to blockade England.

PEACE NOW IS TREASON

From widely separate point in America the news of mass meetings by citizens came in and almost without exception, war was being urged upon the Congress. Peace advocates were in jeopardy as the fruits of pacifism came in laden with bitterness. The American people were believed rising in unison. Outbreaks of violence are expected. To talk peace is treason, say observers who see bitter criticism of all those in authority who have in effect, if America is threatened, failed to provide means of protection.

WASHINGTON SILENT

In Washington there was no comment on the surrender of France.

Whether the German victory would change the program for defense was speculated.

The fact that the United States had embarked on a program of this magnitude, indicated to many the President expected Germany to win the war.

Unless the United States immediately declares war on Germany there is no hope to avert a complete German victory. England will not be able to stand up again the Nazis. What the position of the United States will be was possibly forecast by President Roosevelt when he told France frankly that no military commitments could be made. Congress was not expected now to concern itself further with France, although the real danger to Americia has come at last.
